Luxury 4 Star Bed n Breakfast from \$120.00 per night

Times Past Bed & Breakfast is situated in the historic township (village) of Milton, EST 1860.

Built in 1890 the original building has been lovingly restored and was the homestead for one of the many dairy farms in the area.

Accommodation is separate from the main house featuring two luxury bedrooms each with ensuite bathrooms and north facing verandahs.

With magnificent views extending over the reserve past the green pastures onto the scenic Budawang Ranges.

Our guests can also enjoy their own private lounge room, with books, magazines, TV and VCR, along with brochures on the local area and attractions.

The property has established gardens and is surrounded by a botanic reserve named 'Mick Ryan Park', donated to the public by the original family owners. The main reason for the existence of the Park is the preservation of the Grand Old Fig Tree, a magnificent specimen of the Illawarra little leaf variety spanning almost an acre and estimated to be over 180 years old. (Heritage listed)
